Paxcroft Behaviour Consequences

Dear Families,

We are writing to share an important update regarding behaviour expectations and consequences at school from the start of Term 2.

Over recent weeks, we have seen an increase in incidents of anti-social behaviour across the school during lessons, breaktimes and lunchtimes. Examples of this behaviour include:

- Swearing
- Deliberate damage to school property
- Verbal aggression towards children or adults
- Physical aggression towards children or adults
- Persistently disruptive behaviour that impacts the learning of others

This behaviour is unacceptable. It affects the wellbeing of pupils and staff, disrupts learning and prevents us from providing the calm, safe and purposeful environment that every child deserves. We have also become increasingly concerned that some children are beginning to copy these behaviours, which risks normalising conduct that does not reflect our school values.

As a school, we have a responsibility to ensure that every child can learn without disruption and feel safe in school. Therefore, from Monday 2nd November, any child displaying one of the behaviours listed above will be removed from the classroom or activity immediately and supported by a member of the Senior Leadership Team.

During this time, pupils will complete their learning separately from their class. Where appropriate, work missed during lessons may be sent home, together with information explaining why the child was removed from learning. While we will do our best to minimise the impact on educational progress, our priority must be protecting the learning and wellbeing of the wider school community.

Where behaviours are repeated, severe, targeted or form part of an ongoing pattern, further sanctions will be considered in line with our behaviour policy. This may include suspension from school, with the length of any suspension increasing should the behaviour continue.

We believe it is important that children understand that actions have consequences. As children grow older and prepare for life beyond primary school, developing respect, self-control and responsibility becomes increasingly important. School and home play a vital role in teaching these values together.

We ask for your support in reinforcing our expectations at home and in helping children understand the importance of following school rules. If you have any questions, concerns or feedback, we are always happy to discuss them with you. However, we would ask that conversations regarding school decisions take place away from children wherever possible, so that we can present a consistent and supportive message.

We will also be holding a Parent Behaviour Workshop on Monday 9th November at 3:15pm, where we will explain these changes in more detail, answer questions and discuss how we can continue to work together to support all children to thrive.

Thank you for your continued support as we work to ensure that Paxcroft remains a safe, respectful and positive environment where everyone can learn and succeed.

With best wishes,

Paxcroft Senior Leadership Team
